

## **Regional Boundaries**

The school districts within Colorado are divided into 12 regional CASB divisions, the boundaries of which may change from time to time at the request of members through Board action. Regions are represented by one or more directors. The number of directors is determined according to pupil enrollment as outlined in the CASB bylaws. The current CASB regions shall be set forth in an exhibit attached to this policy.

In addition to the regional representatives, four seats on the CASB Board of Directors are dedicated to the six school districts in the state with the greatest number of students.
